

## **Queenscliff – Sorrento Ferry Service**

**&**

**Do you wish to cut time from your daily or regular travel time around the Bay?**

**Would you like to have the chance to see free Dolphins frolicking in the wild?**

**When was the last time you travelled across the bay and back, in one day or more, at a leisurely pace?**

**If your answer is “YES” to the first two, or you “Can’t Remember” the last time you travelled at leisure, then perhaps it is time you considered the Queenscliff – Sorrento Ferry as an option for crossing the mighty Port Phillip Bay easily and quickly!**

**Run by Peninsula Searoad Transport, the Queenscliff – Sorrento Ferry (and back), has operated since 1987, takes approximately 40 minutes per one way trip, and is able to carry many vehicles and passengers per trip.**

**For a very small outlay (as little as \$10 per Foot Passenger one way), the service is a very affordable and attractive option, for people wishing to get to the other side of the bay and back!**

**Take all the stress and hassle out of travelling around the bay for a big bob, choose to settle back and relax as you cross the bay by ferry, and return, if you wish.**

**The Queenscliff-Sorrento Ferry is a Major Sponsor of the Queenscliff Bowling Club, and supports 65 members of the community in its employment.**

**So come on! Support your local service, and relax in style, as you cross over to Sorrento and back to Queenscliff, in a quick and enjoyable & safe ferry!**

**You know you want to experience this trip – Merry Lewis from Arizona says “it is one of my favourite things to do in Victoria” – so give it a try!**
